Description :

One day, a big monster finds a strange object at the edge of a fabulous forest. He sniffs it, and licks it and then throws it down, furious, it doesn't taste like anything. As it turns out, the object is a book...

Little did the monster know that this weird object would change his life.

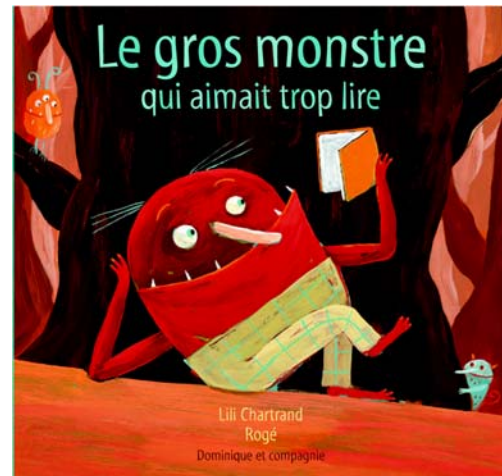

Information:

- A funny and touching story that speaks of the wonderful magic of books.
- Rogé's zany and colourful illustrations depict a very friendly imaginary world.
- This is Lili Chartrand's first book with Dominique et compagnie. Her universe consists of everything magical, off the wall and fan-

From the same collection and the same illustrator:

First prize winner of The Alcuin Society's Annual Awards for Excellence in Book Design, Children's books category

Le gros monstre qui aimait trop lire
